DVD and VHS Tape Auditions

Students who live outside of San Diego, Orange, Riverside, Imperial and Los Angeles counties may audition via DVD or VHS tape. Audio compact discs will be accepted with DVDs or VHS tapes as backup audition performance documentation, not in lieu of DVDs or VHS tapes. Taped auditions for jazz majors (all instruments) are for provisional acceptance only. If accepted provisionally, you will still have to perform a second audition which will include sight-reading of various excerpts from jazz band repertoire and sight reading and improvisation over a set of chord changes at the close of your first semester of study at SDSU for final acceptance into our program.

The jazz faculty will expect all DVDs and VHS tapes to clearly indicate the auditioning student's name, instrument and selected repertoire. While the jazz faculty does not expect "professional" level production quality, it is very important that DVDs and VHS tapes have an audio quality sufficient for the committee to clearly hear the auditioning student's performance.
